Businesses Step up to Sponsor 150th Anniversary

Derby, Kansas – In 2019, the City of Derby will celebrate its 150th Anniversary. A variety of special events will be associated with this celebration, which kicks off next February and winds down in October.

The City of Derby is pleased to announce our current sponsors:

The City of Derby is looking for more community partners to help sponsor the celebrations and assist with supporting special events. From general sponsorships to putting your name on anniversary items, a few opportunities are still available.
